

USEFUL INFORMATION ABOUT YOUR PHOTOGRAPHY SESSION

Thank you for selecting FireDog Photography to help you capture your memories. We have a few recommendations that will help ensure you get the most out of your session:

- **Please arrive promptly at the designated time.** Arriving late may cut into the time devoted to your session. For most sessions, it is best to arrive 15 minutes early.
- **Don't forget the two best times of the day to shoot.** The light of the morning or evening are prime shooting hours. Shadows are cast across faces when the sun is high in the sky.
- **Be aware of the shooting location and backdrop.** Dress to compliment the setting. **Solid colors** are usually a good choice. Get in touch with us if you are looking for something more elaborate or fancy. We can make things fun, too.
- **Please leave personal cameras and cell phones in your vehicle.** Your session will go much easier without the distraction of other cameras or the need to answer a cell phone.
- **Spectators should not attend the session.** This includes family and friends. We would love to photograph your entire family, but please schedule a separate session.
- **Photographing a baby or newborn requires more prep.** Feed your little one(s) shortly before the session. Be prepared to feed, sooth, and placate your baby. Have several changes of clothes for wardrobe changes or in case of a blowout. Be cognizant of nap and feeding times when we plan your session. Be prepared to be in the photo; after all, you brought them into this world.
- **No extra items.** Leave hats, bags, coats, jewelry or anything else that will not compliment your photos in the car or at home. Unless you intend to use something as a prop or want it in the photo, it will only be a distraction.
- **Don't stress.** As with any session, we will do what it takes to capture the memories we need.
- **Headshots are awesome.** This is where we showcase the model. Basic colors that compliment complexion and features are preferred. Don't overdo the make up. We want your natural beauty to shine. This one is all about you as the model.

Please consider submitting feedback and/or testimonial to firedogphoto@gmail.com. The best compliment you can give us is recommending us to family and friends.

A moment is frozen in a photo or fades in a memory...
